Dear Requester,

Freedom of Information request: FOI0321004

With reference to your recent request for information made under section 1(1) of the Freedom of Information Act: we set out below your request together with the Trust's response(s):

You submitted:

Last Thursday you sent me a reply to my FOI FOI0321004 that the information I requested is not readily available in a reportable format.

In the monthly [Mental Health Services Monthly Statistics data set](#), there are measures that include information about the accommodation type of patients. For example, AMH14 says how many patients on CPA are living in settled accommodation.

I was wondering what information this measure is based on. Don't you need to know what type of accommodation the patient is living in to say how many are living in settled accommodation each month?

Our response:

Detailed breakdowns can be found on the attached .csv files. For convenience we have also attached copies of the files in Excel format.

This concludes our response to your complaint.

If you are unhappy with the response, please forward your concerns to the address below to request an Internal Review. Please detail the reasons for your dissatisfaction and these will be addressed accordingly.
